### Mason County

|                         |                      |
|-------------------------|----------------------|
| PROPOSED M&O TAX RATE   | \$0.628101 per \$100 |
| NO-NEW-REVENUE TAX RATE | \$0.628101 per \$100 |
| VOTER-APPROVAL TAX RATE | \$0.699098 per \$100 |
| I&S (Debt) TAX RATE     | \$0.042934 per \$100 |

The **no-new-revenue tax rate** is the tax rate for the 2026 tax year that will raise the same amount of property tax revenue for Mason County from the same properties in both the 2025 tax year and the 2026 tax year.

The **voter-approval tax rate** is the highest tax rate that Mason County may adopt without holding an election to seek voter approval of the rate.

The **proposed tax rate** is not greater than the no-new-revenue tax rate. This means that Mason County is not proposing to increase property taxes for the 2026 tax year.

A public meeting to vote on the proposed tax rate will be held on Monday, August 24, 2026 at the Regular Meeting of the Commissioners Court, Mason County Courthouse.

The proposed tax rate is also not greater than the voter-approval tax rate. As a result, Mason County is not required to hold an election to seek voter approval of the rate. However, you may express your support for or opposition to the proposed tax rate by contacting the members of the Commissioners Court of Mason County at their offices or by attending the public meeting mentioned above.

Your taxes owed under any of the above rates can be calculated as follows:

**Property tax amount = tax rate x taxable value of your property / 100**
